* Third Platform Services Limited ("TPS" or the "Firm") facilitates client orders through an automated dealing service which routes orders, via a Retail Service Provider facility ("RSP"), to a group of brokers ("Execution Venues") with whom the Firm has entered into trade execution agreements. Client orders are executed almost exclusively on a straight-through-processing basis via the RSP without further intervention from TPS and the Firm does not, therefore, execute client orders directly on Execution Venues. As such, the distinction between passive and aggressive orders is not relevant to TPS' activities.
